Overview

IC Overview

Welcome to the Institutional Characteristics (IC) survey component. This survey component collects directory information, including data that are key to reporting throughout the IPEDS data collection and must be completed and locked before any other survey can be started. Any errors in the IC survey component can lead to further errors in the data reporting process, so please be very careful in reporting these data correctly and contact the IPEDS Help Desk (877.225.2568) if you have any questions.

This survey component also collects basic institutional information including student services and athletic association.

The IC should be completed based on the **current year**. Some IC questions may require nothing more than a confirmation if nothing has changed. Please make changes as necessary, and complete items that do need a response (e.g., enrollment questions).

Remember, it is the responsibility of the keyholder to provide NCES with accurate data about the institution. Please never hesitate to call the IPEDS Help Desk at 1-877-225-2568 and ask for help to make sure that you are reporting correctly!

Because of the importance of the IC data in Section 1 (Header Information) in determining the screens you will receive in other survey components, be sure to report correctly, and to contact the IPEDS Help Desk if you have **ANY** questions about what you need to report.

The IC data in Section 1(Header Information) affect other survey components in the following ways:

- The Educational Offerings question verifies your institution's inclusion in IPEDS.
- The Control and Levels page is key to all survey components, especially to Finance (F) and Graduation Rates (GR). Additionally, this is important information for students, impacts many federal reports, and is used in placing institutions in appropriate net price groupings.
- Calendar system selection impacts student charges data reported in Cost (CST), Fall Enrollment (EF), GR, and Student Financial Aid (SFA) data.
- Enrollment levels impact student charges in CST and enrollment categories in the EF survey component.
- The Open Admission question determines whether the Admissions component will be required in the Winter collection.
- The Academic Libraries expenses question determines whether the Academic Libraries component will be required in the Spring collection. This question is asked of degree-granting institutions only.
- The operations question for new institutions determines reporting of 12-month Enrollment (E12).

Data Reporting Reminder:

- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting.

Changes to reporting:

The following changes have been made for 2024-25 collection:

- The IC survey includes elements of the IC Header and the IC survey components. IC no longer includes Cost data; those data are collected in the new Cost survey component.
- Minor changes/clarifications to instructions and FAQs.

Resources:

- To access your prior year data submission for this component: [Reported Data](#)

If you have questions about completing the survey, please contact the IPEDS Help Desk at 1-877-225-2568.

3. What award levels are offered by your institution? [Check all that apply]

Award Levels reported should be completed based on the **current year**. When reporting award levels for subbaccalaureate certificates (levels 1a, 1b, 2, and 4), **determine program length by the number of credit or clock hours**.

The "Other" award level should not be used unless your program truly does not fit any of the other award levels. We expect very few institutions to fit the "Other" category.

Even though Teacher Preparation certificate programs may require a bachelor's degree for admission, they are considered subbaccalaureate undergraduate programs. Check the applicable award level 1a, 1b, 2, or 4, depending on the length of the Teacher Preparation program.
