Student Organization Officer Transition Guide

Revised: June 2024

Dear Student Organization Leader:

Too often, the Department of Student Involvement has seen student organization leaders dedicate themselves to successfully leading their groups for an academic year and at the end of the term, leave their positions without time spent making sure the incoming officers can be trained.

When no transition occurs, all the information regarding the previous year's lessons-learned are not passed on to the incoming officers, thus slowing down their progress. **Without taking the time to effectively transition incoming officers, organizations lose the opportunity to continue momentum gained in the previous year.** Time that could be used moving the organizations forward and accomplishing new goals is spent catching up.

The National Association of Campus Activities defines effective transition as:

“Effective leadership transition is the process by which past and future student leaders in an organization **work together to review and learn from previous events and programs and prepare for the upcoming year.** This process can occur in one or several days and may be accomplished in a formal or informal setting. The transition process an organization chooses to use during this time period truly depends on the needs and resources available to the group.” – “8 Tips for Effective Student Leader Transition,” *Campus Activities Programming*, May 2009

This document is designed to help all officers and student organization leaders have the tools to successfully transition outgoing and incoming officers. The forms in this packet are meant to empower students to **have intentional conversations with one another to minimize the effects of turnover within student organizations, increase organizations' success, and continue momentum accomplished by groups during the previous year.**

The Student Organization Officer Transition Guide is designed to be used in sections:

- Outgoing Officer: Executive Board Transition/Annual Recognition Requirements
- Incoming Officer: New Board Transition/Future Goal Setting/Operations Records

The forms in the packet are designed to be used individually as well as part of the greater packet – we encourage you to tailor it to fit the needs of your organization.

We hope you utilize this packet to navigate a successful transition. Please contact our office at 936-294-3000 or email us at getinvolved@shsu.edu for any further questions or help.

Sincerely,

SHSU Department of Student Involvement

Why Transition?

Purpose of Officer Transition

- Transfer ownership and historical knowledge of the organization
- Maintain seamless continuity of the organization’s progress, growth, and goals
- Reinforce productive communication and support between officers to plan and create new goals
- Further develop sense of pride and mission-aligned purpose in the new officers

Transition Recommendation

When transitioning officer duties, we recommend following the outlined steps:

- Outgoing officers complete the ‘outgoing officer checklist’ and ‘outgoing officer worksheet’

- Outgoing and new officer board meet for transition meeting (sample agenda included)
 - During the group transition meeting, ensure time is allocated for one-on-one meetings for individual officer transitions

Outgoing Officer Checklist

Going over your answers together will provide an opportunity for the incoming officer to ask questions.

Student Organization Officer Transition Meeting Outline

Introduction: Before the new officers of your organization officially assume their responsibilities, it is wise for the outgoing and incoming officers to get together for a transition meeting. In this meeting, the incoming officers will be able to learn from the experience of the outgoing officers and offer continuity and continued growth for the organization. A casual, open atmosphere should be encouraged so that the organization can benefit from an honest evaluation of the accomplishments and problems of the current year.

Instructions: This meeting must be facilitated by the executive board officers and it is helpful if advisor(s) are present. Immediately after the election or appointment of the executive board officers, it is highly recommended that both the outgoing officers and/or advisor help plan the agenda. The following outline can help you make your transition meeting flow as smoothly as possible:

- 1) Welcome and Introductions
 - a) Help participants get acquainted and explain the purpose of the meeting
 - b) Activity to help everyone get in the proper mindset for transitioning

Are our members as actively involved as we want them to be? Were there chances for members to get involved in a meaningful way?
 - iv) **Officers and Organizational Structure:** Evaluate officers and structure. Are officer roles and responsibilities clearly described? Did officers work as a team, or is there more teamwork needed? Is the time and effort required in each office comparable? Is there two-way communication between officers and members? How do the members feel about the officers?
 - v) **Organizational Operations:** Evaluate finances, communication, etc. Were the finances adequate for our group, and managed properly? Were meetings run effectively? Was their frequency adequate? Did the committee structure work? Did we have scheduling conflicts with other groups or activities? Did we have any risk management issues this year? If so, were they properly handled? How will we be proactive next year? Was the constitution followed to

- (1) Run the organization? Are there suggested and/or mandatory amendments to the constitution?
 - vi) Advisor Involvement: Evaluate both quality and quantity. Did our advisor meet the group's expectations (which were discussed in advance)? Did we keep our advisor informed of organization programs and activities? Did we give our advisor a chance to get involved? How could we improve advisor involvement?
 - vii) Governing Organization (if applicable): Evaluate compliance. Did we meet organization standards? How was the communication with the organization? What does the organization require from us?

Officer Operations Records

Officer Operations Records are a beneficial resource in orienting the new officers with all the functions and responsibilities of their position. The Records (hard copy and/or electronic) should cover all aspects of officer responsibilities and how those tasks fit into the organization's operations. If Officer Operations Records are not currently done, incoming officers must initiate development and use of Operations Records at the beginning of the position's term of office. The Records must be utilized by officers as a working tool throughout the year rather than something to be completed at the end of the year.

Should Include:

- Organizational Mission and/or Vision Statement and/or Core Values Organizational Constitution and By-Laws
- Organizational Policies and Procedures (*Including Risk Management policies*)
- National Governing Organization Constitution, By-Laws, and/or Charter University Mission Statement
- University Policies and Student Guidelines
- Historical Information (i.e. rituals, traditions, significant changes with reasons, milestones) Organizational Chart
- Officer Position Job Descriptions and Responsibilities
- Budget and Financial Guidelines – including banking information and EIN Recognized Student Organization Services Available from Student Involvement
- Current Organizational Goals Specific Officer/Position Goals
- Officer Specific Task Timeline in Chronological Order by Month Important Forms
- Important Resources, Passwords, and Service Numbers Contact List
- Calendar of Events
- Agendas and Meeting Minutes Committee Reports
- Program/Event Planning Documents and Evaluations Year-End Reports and Evaluations
- Pertinent Correspondence Unfinished Project Information
