Path Description
Make the most of your college experience at Sam Houston State University and become the Ultimate Bearkat!

Begin your journey by completing experiences outlined in the domains below. Each domain contains a set of experiences that will allow you to grow as a leader, to connect to the university, and to gain marketable and transferrable skills for your future career. After completing an experience, locate the corresponding item on the path. Click on the item and follow the steps to record your participation and to respond to the required reflection questions. Please take time to reflect and show your learning in order to receive credit. The path is designed to take students more than one academic year to complete, so take your time and enjoy the journey.

After completing 75% of the Ultimate Bearkat Path, students should begin their capstone experience. This final experience serves as the culminating project and exhibition of each student's co-curricular journey through the Ultimate Bearkat Path. Each student will be required to create and submit an online e-Portfolio for this portion of the path.

The capstone and entire path must be completed by the dates listed below in order to be eligible to be inducted into the Ultimate Bearkat Society during the corresponding semester.

- Fall - Due by October 31
- Spring - Due by March 31

Students who meet all eligibility requirements for induction will be invited to the Ultimate Bearkat Society induction ceremony sometime in the month following their final submission. The induction ceremony will occur before finals in both the fall and spring semesters.

If you cannot complete the path by March 31 and you are graduating in August, please contact Leadership Initiatives for a modified due date and information on how to receive your medal, as a ceremony will not occur in the summer.

How did completing this item prepare you for employment in your chosen career?
I chose to complete this item because I am beginning to apply for jobs after graduation. I want to be sure that I have an updated and professional resume. I completed this experience with the Career Success Center on campus. I showed up to my appointment with a draft of my original resume and they helped me make edits to ensure that my resume would look it's best. Since I completed this item, I have begun to apply for jobs.
